

ICPE-EPEC 2013

The International Conference on Physics Education 2013

The purpose of this conference is to bring together people working in physics educational research and in physics education at all types of schools from the whole world to enable us to share and exchange our experiences.

The general conference theme:

Active learning – in a changing world of new technologies

We will welcome all contributions (oral presentation, posters, workshops) from a broad range of topics that help to improve physics teaching and learning (especially active learning) and to extend our understanding of this important area. For more information, important dates etc., see:

www.icpe2013.org

The conference is organized by: • *The International Commission on Physics Education (ICPE) - Commission C14 of the International Union of Pure and Applied Physics (IUPAP)* • *The European Physical Society Physics Educational Division (EPS PED)* • *The Faculty of Mathematics and Physics, Charles University in Prague.*

To secure IUPAP sponsorship, the organisers have provided assurance that ICPE-EPEC 2013 will be conducted in accordance with IUPAP principles as stated in the IUPAP resolution passed by the General Assembly in 2008. In particular, no bona fide scientist will be excluded from participation on the grounds of national origin, nationality, or political considerations unrelated to science.
